

CYPRO AB

INITIATE YOUR DEFENSE NIS2 COMPLIANCE

Welcome to CYPRO AB, your trusted partner in Security as a Service solutions provider. At CYPRO, we take a holistic approach to safeguarding your digital assets, employing the combined expertise of white, blue, and red teams to ensure comprehensive protection.

Who We Are?

Our team of top-tier professionals includes GSAT (Global Security Assessment Team) experts, who specialize in the red team domain, offering unparalleled insight into potential vulnerabilities. Our state-of-the-art Security Operations Center (SOC) enables us to deliver the highest level of security services, actively monitoring and responding to threats round the clock. Our "ISO27001 gap analysis" making your organisation on par with compliancy.

Our Expertise

"In CYPRO, we have found a partner in cybersecurity that meets our needs for holistic security thinking"

Peter Lindell, CTO Alfa eCare
